

QUALITY POLITICS

Industrias Metálicas Ruiz considers that Quality is the determining factor of its competitiveness, which ensures the development and permanence of the company in the market. image, success and leadership position directly depends about it.

INMER has the commitment to offer products accordingly to customer requirements to guarantee their satisfaction. Our goal is to ensure that Industrias Metálicas Ruiz is synonymous with QUALITY.

To achieve this goal, the participation of each and everyone of INMER's members is necessary. Each person must be responsible for himself for the flawless execution of his work, and has the obligation and the right to insist that the circumstances that prevent the performance of incorrect work be eliminated.

The basic principles of this Quality Policy are:

- ❖ *Quality as a strategic decision adopted by Management on which the image, success and leadership position of the Company depend.*
- ❖ *The purpose of INMER is to continuously improve the products/services supplied to permanently guarantee its customers satisfaction.*
- ❖ *All company functions must coordinately move forward towards the achievement of the Quality objectives.*
- ❖ *The maintenance and continuous improvement of a Quality System according to our customers requirements*
